Scheme of Examination - Students being admitted to this course must pass in each paper of the examination to pass the certificate course. To pass in each paper, a student must secure at least 33% of marks in each paper separately. To determine 33% of marks in each paper, the marks obtained by a student, both in term-end written examination and home assignment, shall be clubbed and counted together to determine the aforesaid percentage. However, if a candidate has secured Zero mark in the term-end written examination or home assignment examination in any paper, as the case may be, he/she will be deemed to have failed in that paper. Failure in one paper will mean failure in that part of the examination. Hence, students must strive hard to pass separately in each paper.

The term-end examination shall be held at the end of the academic session and, as said, it will be compulsory to pass in each paper of the examination before a student is declared to have passed his/her certificate course.

This course is divided into 3 papers; each carrying 100 marks. The distribution of marks between written examination assignment and practical work will be as follows:
